

LIVES TOUCHED THROUGH YOUR SUPPORT

Here's what has happened recently and what's ahead!

Thank you for standing with us as we invest in students and transform futures.

We're excited to share how your support is already shaping lives and creating meaningful opportunities for students across Cameroon.

This quarter, students across the country began the new academic year with gratitude, determination, and renewed confidence. Many shared how having their tuition covered lifted the fear of being unable to continue their studies due to financial hardship.

Behind the scenes, we've continued strengthening our processes to ensure every scholarship is managed responsibly and transparently. We improved follow-up procedures with students, enhanced communication with our partners, and prepared for upcoming mentoring initiatives.

We also began early planning for the next academic year, exploring ways to expand our support beyond tuition alone.

We've met students whose stories remind us every day why this mission matters, and why each contribution creates lasting impact.

Looking ahead, we're excited to introduce new mentorship opportunities, deepen our relationships with partners, and continue preparations for the 2026–2027 academic year.

Together, we can open even more doors for students who simply need someone to believe in them.

Thank you for walking with us. Your generosity is changing lives, one student at a time.

With appreciation,
Merry Christmas and Happy New year!

EduExcel team

In this newsletter you can expect:

Student Spotlight – Harri Djiki

A look at one student's journey and progress.

“Why I Give”

A short testimonial from one of our partners.

Impact Snapshot

Key numbers showing what your support accomplished this quarter.

City Highlight – Douala

Insight into the environment where many of our scholars study.

Opportunities to Engage

Ways to make a direct impact.

Student Spotlight - Harri Djiki

I am a Master's student in my final year of Fundamental Computer Science at the University of Douala – ESSEC.

Before receiving the EduExcel scholarship, I was honestly afraid I would not be able to continue my studies. My parents were going through serious financial difficulties, and my father needed eye surgery. I knew there was no way we could afford my tuition.

I prayed and reminded God of His promises, trusting that He would make a way. One day, I learned about the EduExcel scholarship opportunity. I submitted my application and then traveled back to my village to help my father at the hospital, unsure if I would be able to return to school.

A few days later, I received a call asking me to return to the city; **my scholarship had been approved.** And I have been a scholar not just for one year, but for three years. God provided far beyond what I expected.

The impact is more than I can express. The burden I carried was lifted.

What my friends and I say about God's faithfulness is true. He provided through EduExcel and its partners.

Thank you for supporting me. I pray that one day I will be able to help other students the way you have helped me."

"Why I give?"

I choose to give because I've seen the difference even a small contribution can make.

When I look at the stories of students who were close to giving up, but are now continuing their studies with confidence, I'm reminded that education truly changes lives.

Supporting EduExcel is my way of investing in someone's future. It's a joy to know that my giving helps open a door that might otherwise stay closed. I give because hope grows when we give it a chance.

— **A Grateful Partner**

BECAUSE OF YOUR SUPPORT, STUDENTS CONTINUE THEIR EDUCATION WITH DIGNITY AND HOPE.

City Spotlight – Douala

Douala is a city full of movement and ambition. From the morning rush of taxis to the hum of markets along its streets, the city never slows. It's in this vibrant, demanding environment that many of our EduExcel scholars live and study.

Students often face long commutes, rising living costs, limited study spaces, and the pressure of supporting family while pursuing their degree.

Yet Douala is also a place of opportunity, home to respected institutions like the University of Douala and ESSEC, schools where determination can open real doors.

Your support gives students stability in a fast-paced city where financial challenges can easily disrupt their education. By covering tuition, you help them focus, breathe, and thrive.

Douala is alive with possibility, and because of you, our students are rising with it.

Opportunities to Engage

Give

Help cover tuition and essential academic needs for a student.

Every contribution makes a difference.

Donate: <https://edu-excel.org/donate/>

Mentor

Offer encouragement, guidance, and support to a student who needs it.

Your time can change a life.

Join Mentorship: <https://edu-excel.org/get-involved/>

Spread the Word

Tell a friend, colleague, or group about EduExcel and help us expand our reach.

Thank you for being part of this mission. Your involvement is not only helping students access education; it's helping them stay in school, build confidence, and envision a future that once felt out of reach.

Together, we are creating opportunities that will shape lives, families, and communities for years to come.
